

# Fairfax Collegiate

## 2026 Summer Program

### Mock Trial Course Syllabus

#### Rising Grades 7-9

### Course Description

*Act as a judge, attorney, witness, or jury member to learn about the legal system.*

Learn about American courts, civil and criminal trials, due process, and standards of proof. Select jurors, deliver opening statements, examine witnesses, present evidence, make closing arguments, and deliberate verdicts.

Students in this course get to debate ideas, solve problems, and act out real-world scenarios. They become able to build confidence speaking, questioning, and arguing in front of others. With structured practice, students develop the skills needed to understand trials and participate in a full mock court case.

Students explore criminal and civil cases, courtroom roles, evidence, objections, witness examination, and more. Through hands-on activities like small-claims simulations, voir dire practice, analyzing exhibits, debating search-and-seizure issues, and preparing opening and closing statements, they learn how attorneys build persuasive arguments. Daily exercises help them master trial procedures and understand how judges, lawyers, juries, and precedents shape courtroom decisions.

Families receive a video of the final trial students participate in. Students leave the course with stronger public speaking skills, clearer critical thinking, and a deeper understanding of how justice is practiced in the courtroom.

---

### Learning Objectives

<b>Course Goals</b>	<p><b>Trial Process:</b> Students learn about how court trials are conducted, including who the people involved in them are.</p> <p><b>Court System:</b> Students learn about the various levels of courts, including district, appellate, and the supreme court, as well as juvenile courts.</p> <p><b>Constitutional Rights:</b> Students learn about the amendments in the Bill of Rights which pertain to protections of the accused.</p>
<b>Course</b>	<p><b>Courtroom Members and Vocabulary:</b> Students learn who is involved in court rooms, and they</p>

<b>Topics</b>	<p>are introduced to the unique vocabulary used during trials.</p> <p><b>Types of Cases:</b> Students learn about the differences between criminal and civil cases.</p> <p><b>Court System (1):</b> Students learn about the various types of courts used for different sorts of cases.</p> <p><b>Elements of a Lawsuit:</b> Students learn about the use of evidence and witnesses in a court case, including the selection of a judge.</p> <p><b>Jury:</b> Students learn about the selection of a trial jury and about how they deliberate and declare a verdict.</p> <p><b>Bill of Rights:</b> Students learn about the amendments of the Constitution that provide protection to those who are accused of a crime.</p> <p><b>Statements and Arguments:</b> Students learn about the statements and arguments made by lawyers during a trial.</p> <p><b>Precedent:</b> Students learn about the role of precedents in deciding the verdict for a case.</p> <p><b>Mock Trials:</b> Students participate in trial simulations to gain a better understanding of how court cases are handled.</p>
